

Installation guide for **ZoomText Fusion**, **JAWS 18** and **ZoomText 11** bundle

This guide will teach you how to install ZoomText Fusion. This installation comes with ZoomText 11, JAWS 18, and ZoomText Fusion.

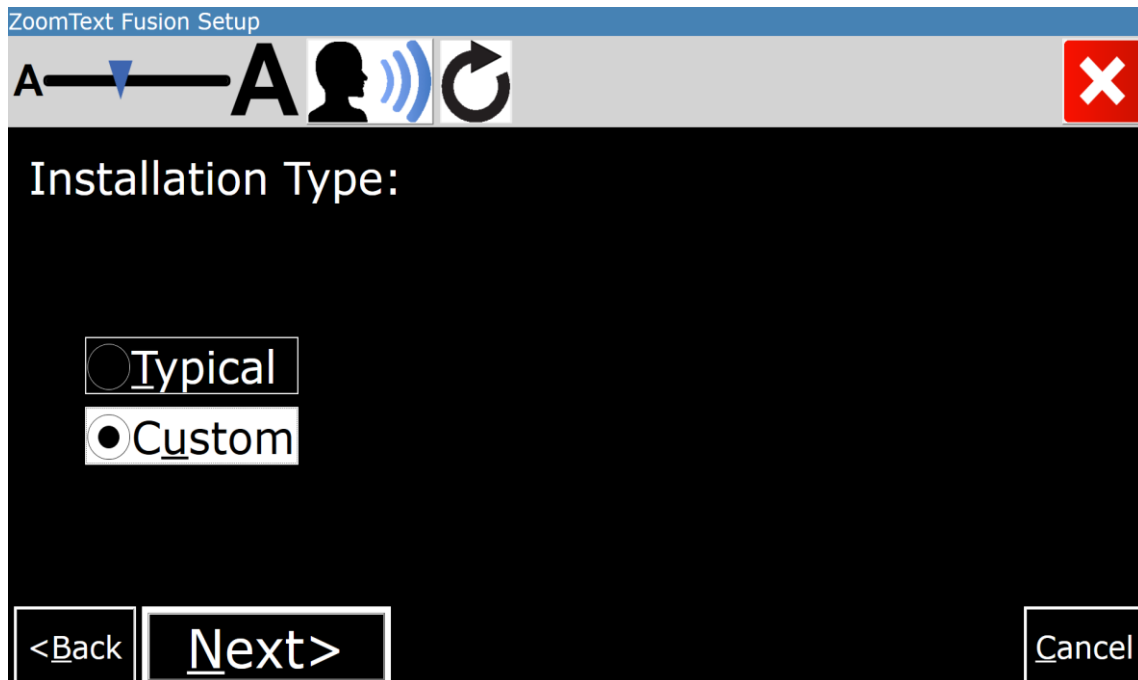

1. Once you install download the ZoomText Fusion 11, launch the installation file. Then click Next.

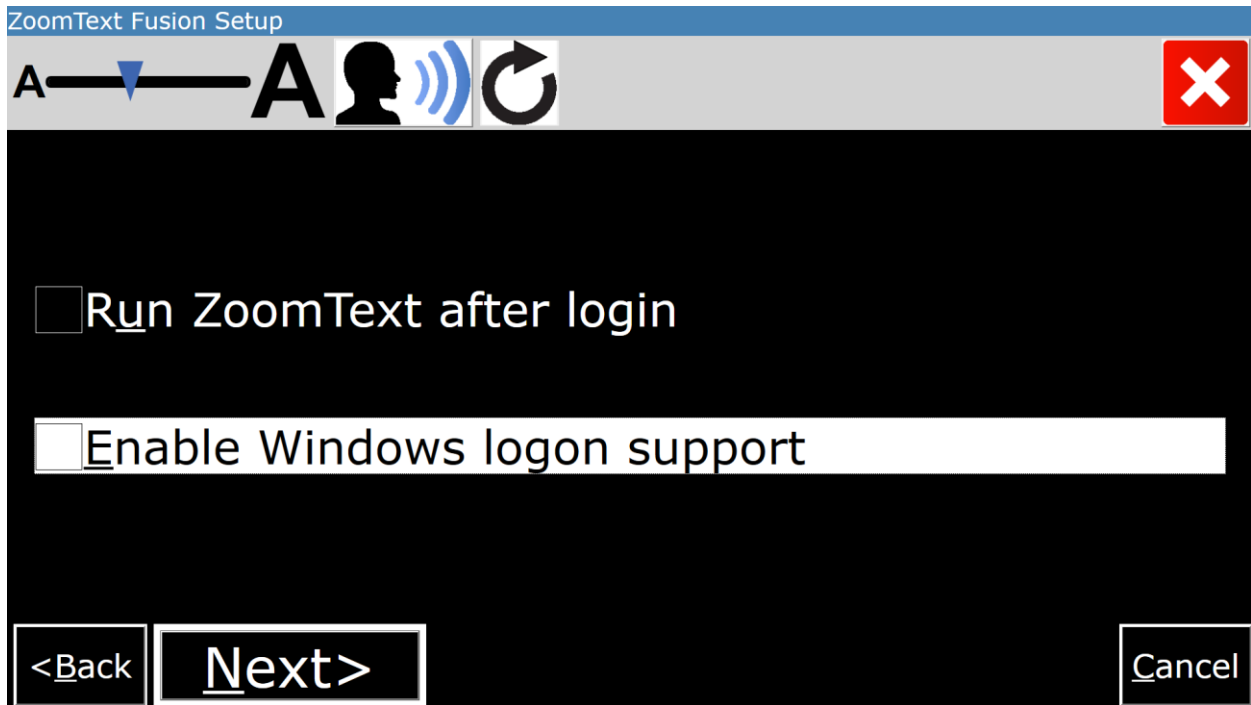

2. You are asked to disable antivirus software on your computer temporarily as it can interrupt the installation process.

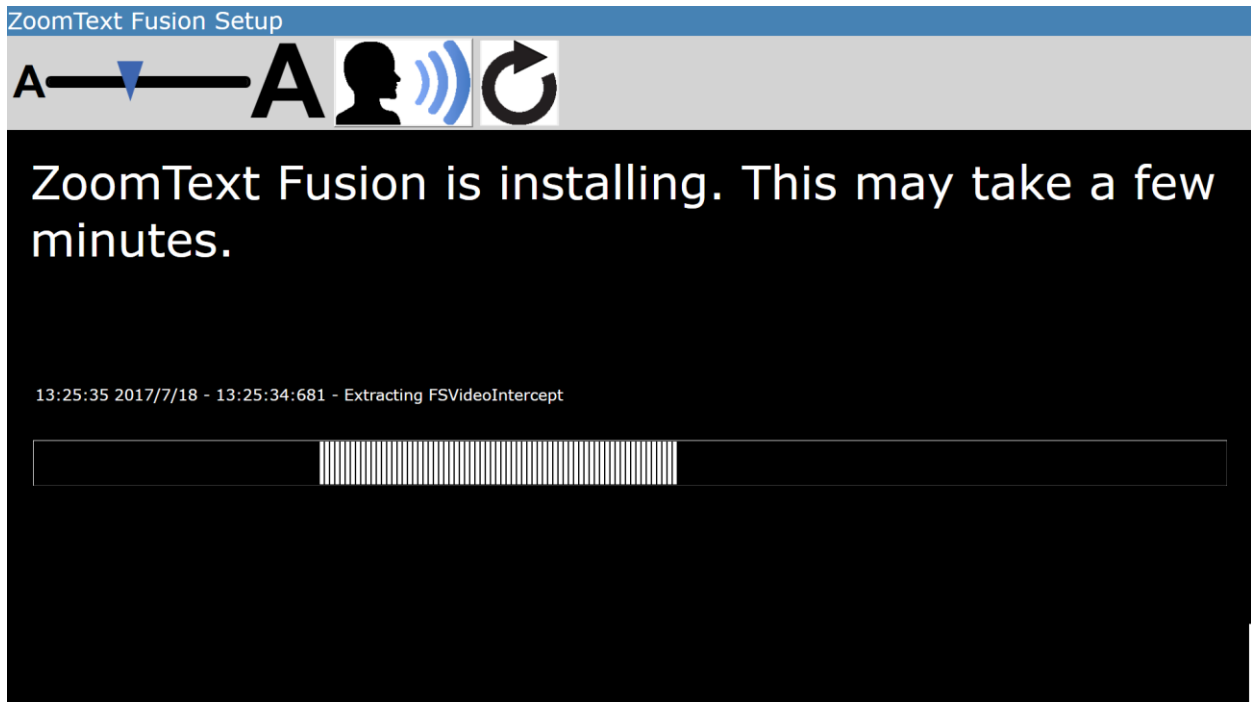

3. Under the Installation Type, select "Custom"

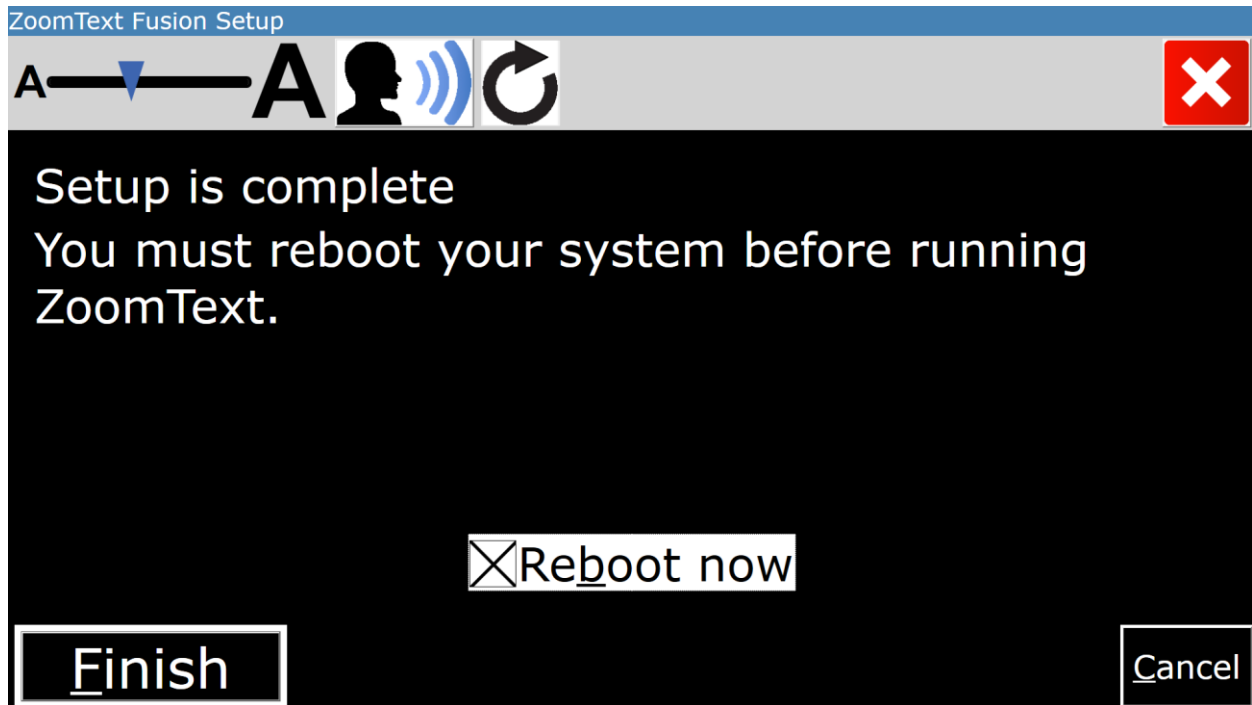

4. Uncheck both "Run ZoomText after login" and "Enable Windows logon support".

5. Now it will continue to install the software as shown in the image below.

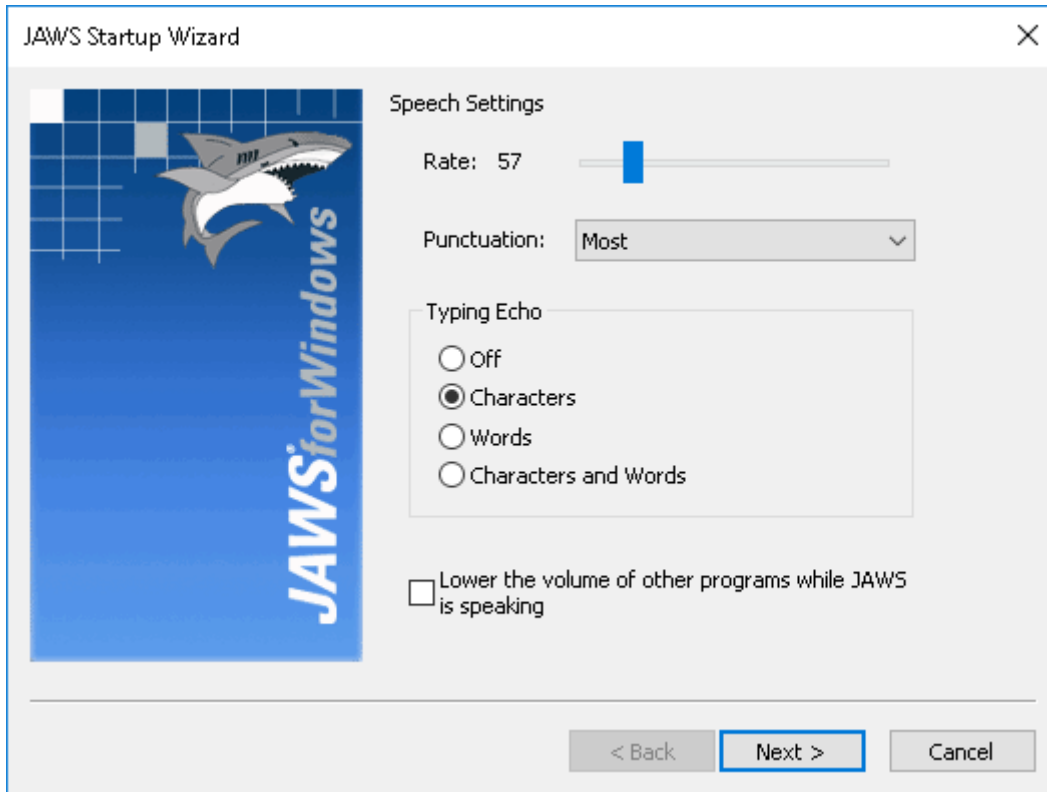

6. You can continue to click next and continue without changing anything else, and lastly, check "Reboot now" and select Finish.

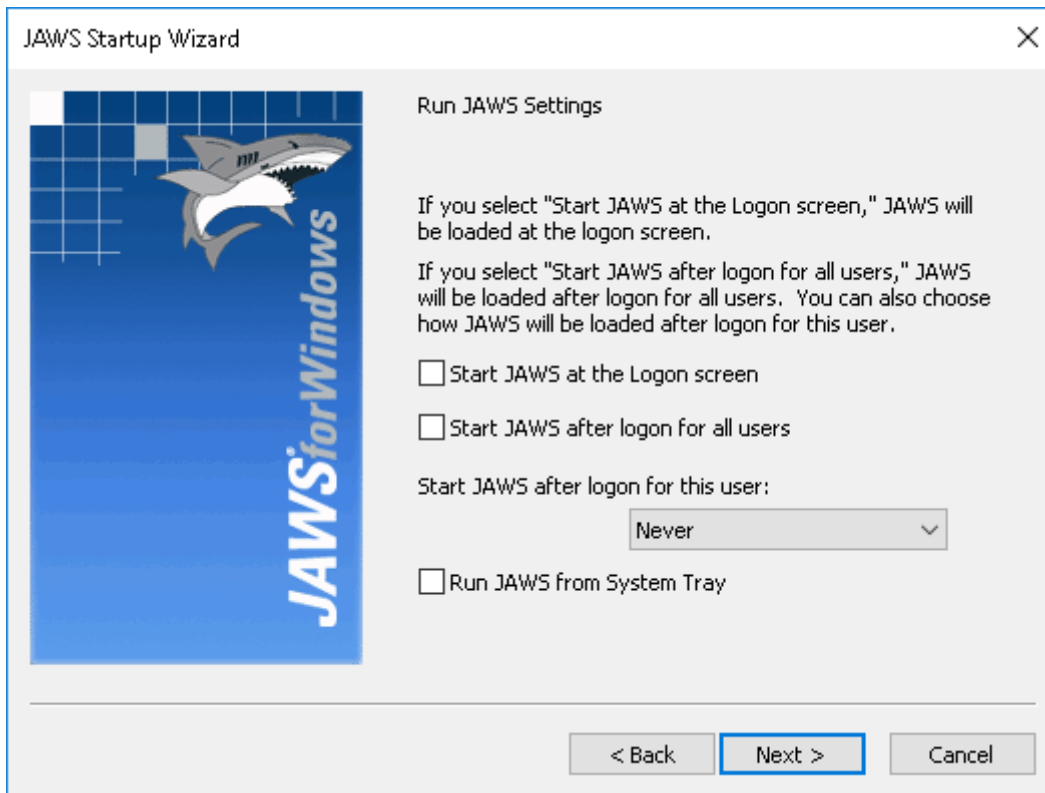

Continuing JAWS 18 installation

After you install ZoomText Fusion, you now have to continue the installation process for JAWS 18.

1. Uncheck "Start JAWS at the Logon screen" and change the "Start JAWS after logon for the user:" to "Never". Then, select Next.

2. After step one, continue to press next and do not change the rest of the options. Installation will be finished.
