Step 11: Choose 'I HAVE ALREADY REGISTERED' click OK.

Startup Settings

Step 1: Click 'SETTINGS' and then select 'PROGRAM'

Step 2: It is recommended that you create a 'shortcut key' for ZoomText, to obtain this check the box that says 'Start Zoom Text from a shortcut key'

Preferences
Program User Interface Windows 7
Startup Settings Start ZoomText automatically when the system starts Run ZoomText minimized Start ZoomText isses on the dealter Start ZoomText from a shortcut key Ctrl + Shift + Alt + Z
Exit Settings
Error Reporting Report ZoomText errors to Ai Squared via the Internet Logon Support Enable Windows logon support
OK Cancel Help

Step 3: Depending on the students' needs you will want to enable ZoomText on startup and/or have ZoomText start automatically when the system starts. You can do this by making sure that the 'Enable Windows logon support' and/or 'Start ZoomText automatically'. If it's not needed uncheck these two options.
